

The Interactive Game Software for Meaningful Entertainment and Mind Engagement

CAMPFIRE

CAMPFIRE

Transform Your Touchscreen Display into a Hub of Stimulating Interaction.

Engage users, foster collaboration, and stimulate creativity across any touchscreen display with our powerful game software.

DESIGNED FOR MAXIMUM IMPACT ACROSS INDUSTRIES

Retail & Hospitality

Transform waiting areas, lobbies, and customer touchpoints into memorable experiences that enhance satisfaction and increase the time customers spend in your location.

Healthcare & Elderly Care

Support cognitive stimulation, social interaction, and well-being for patients, seniors, and people with disabilities.

Early Education

Provide a fun and engaging solution for indoor recess, transitions, and structured break times.

A WIDE LIBRARY OF CAPTIVATING GAMES. UNLIMITED ENGAGEMENT.

Campfire is a touch-based software designed for meaningful entertainment and mental stimulation. Featuring a vast library of engaging, collaborative, and easy-to-use games, Campfire helps users stimulate their minds, sharpen focus, and unleash creativity - all while having fun.

DISCOVER THE DIFFERENCE

40+ Interactive Games

Ready-to-use activities spanning puzzles, early learning, drawing, and multi-user challenges.

Touch-Native Design

Seamless, intuitive experience optimized for large-format touch screens and displays.

Multi-User Focus

Encourages social interaction and teamwork, allowing multiple players to play simultaneously.

Cross-Segment Ready

Built to deliver high-value experiences in Education, Retail, Hospitality, and Healthcare.

-

* Disclaimer: The screenshots presented in this brochure are from the Android version of Campfire and are for illustrative purposes. Appearance may vary slightly on Windows.

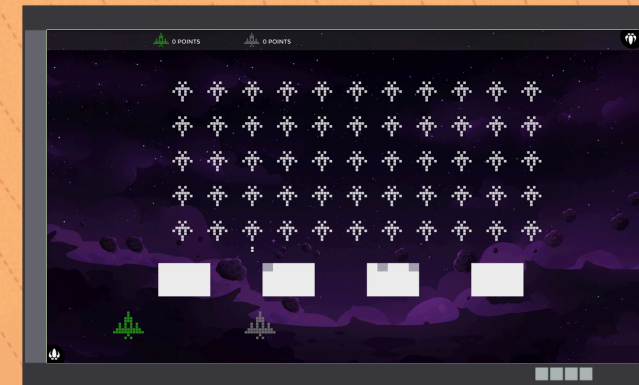

Addition

Practice addition skills by dragging the numbered dots to their correct position in the mathematical problem.

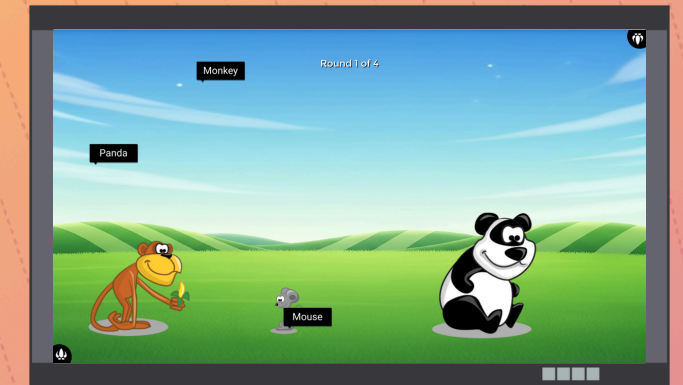

Airhockey

Fast-paced entertaining arcade game.

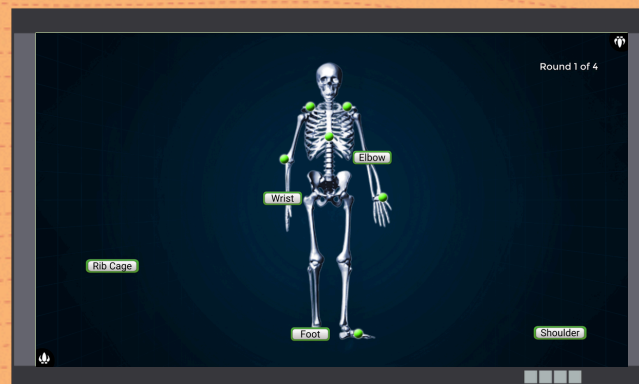

Aliens

Defend your planet against rampaging alien forces.

Animals

Identify the animals by dragging the animal name to the corresponding animal.

Bones

Identify parts of the skeletal structure by dragging the bone name to the correct location on the skeleton.

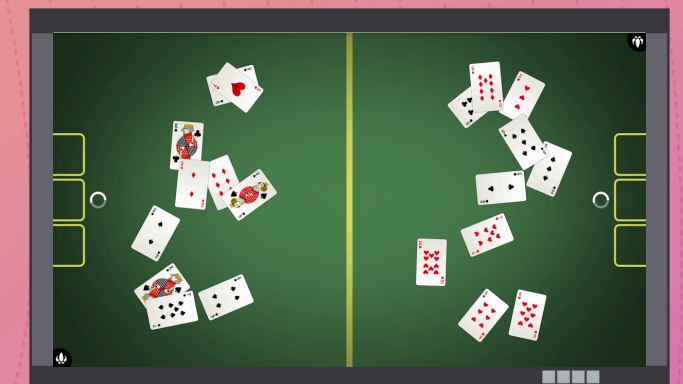

Bugs

Collect bugs of the same family as fast as possible to win.

Bullseye

Bullseye is a shooting game. The player shoots at moving targets to score as many points as possible before the time runs out.

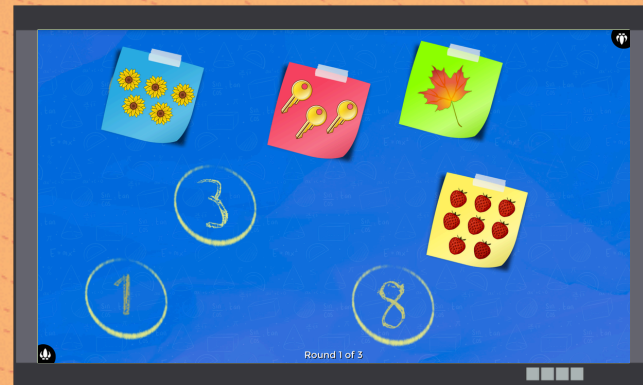

Cards

Play a friend and chase the highest card combination in this fun casino game.

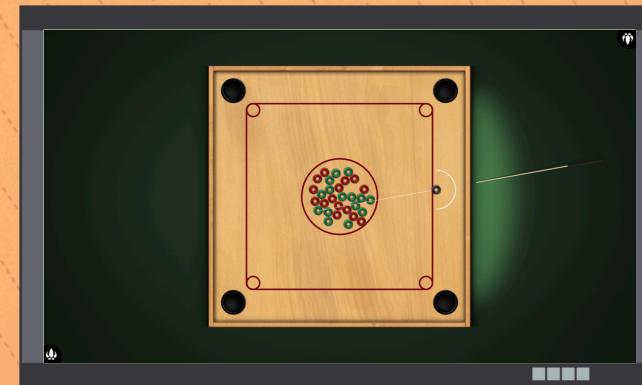

Clock

Choose the difficulty level, and then drag the hands of the clock to match the time specified in the question.

Count

Practice counting skills by dragging the picture cards to the correct number circle on the screen.

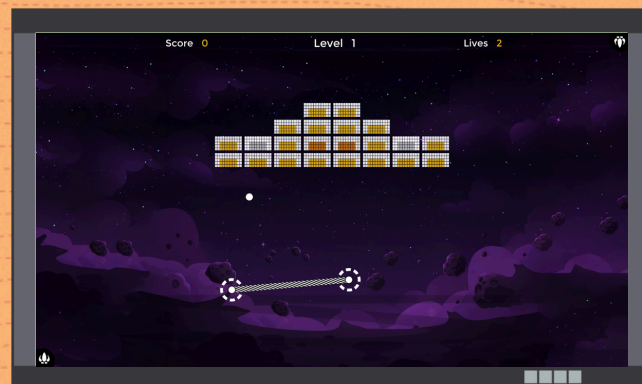

Couronne

Play a classic game of Couronne with your friends. Sink all the discs of your colour.

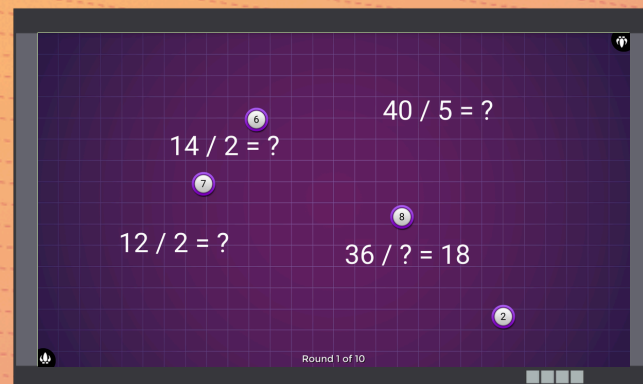

Curling

Beat your friends by nudging their stones out of the way.

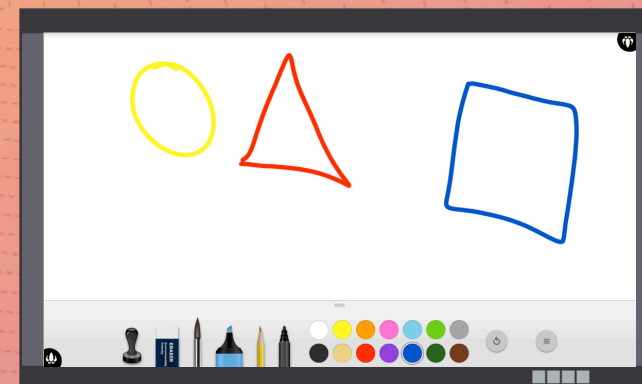

Deflector

Use two fingers to create a paddle. Then try to break the grid to advance to the next round.

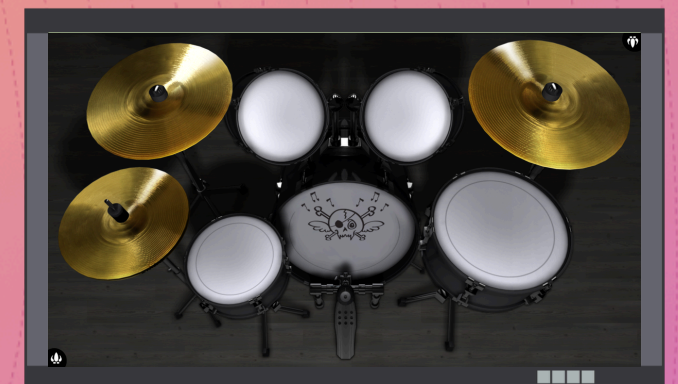

Division

Practice division skills by dragging the numbered dots to their correct position in the mathematical problem.

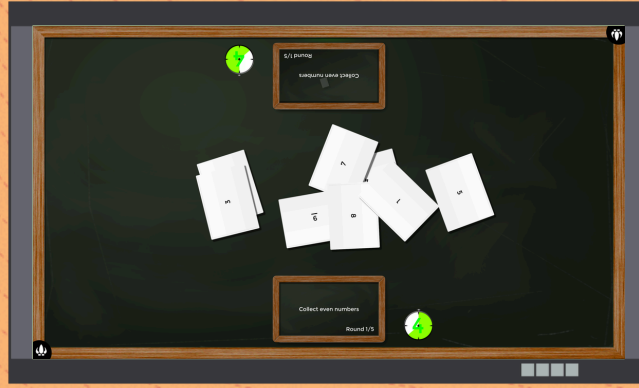

Draw

Create, save, print & email your own drawings and fun artwork.

Drums

Rock the drum kit to create your own sounds.

Einstein

Drag and drop the correct cards into the category tray located at the edge of the Screen.

Froggy

Catch as many flies as fast as possible to get the high score.

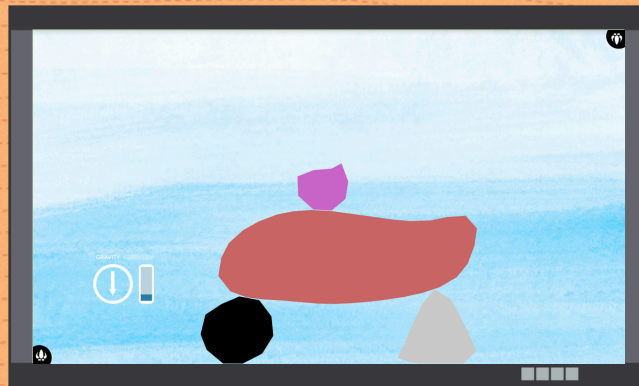

FX

Create amazing visualizations at your fingertips, making interactive surfaces come alive.

Geography

Choose from identifying countries on a world map or cities within a specific country in this geography skill game.

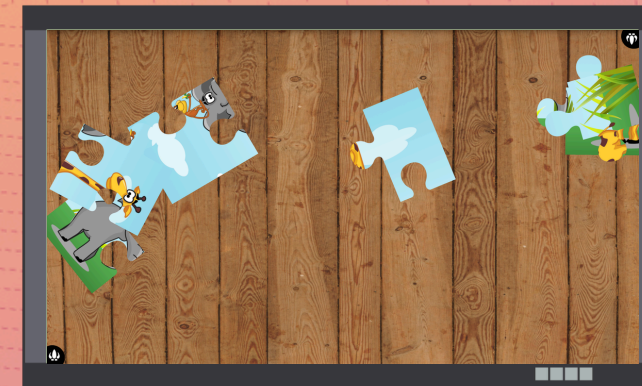

GravitoY

Draw objects, control, and experience the effects of the gravity playground.

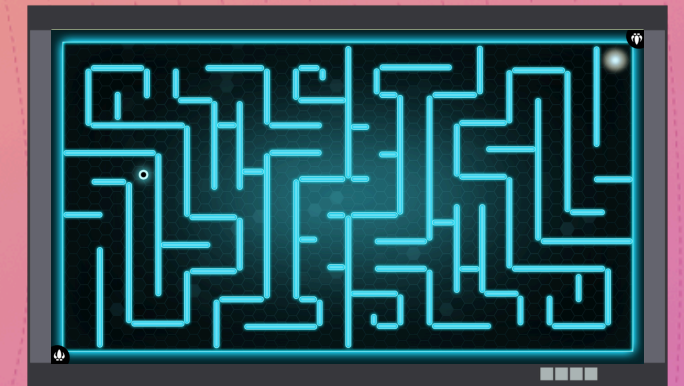

Habitat

Identify the habitats of different animals choosing between ocean, polar, desert, and forest habitats.

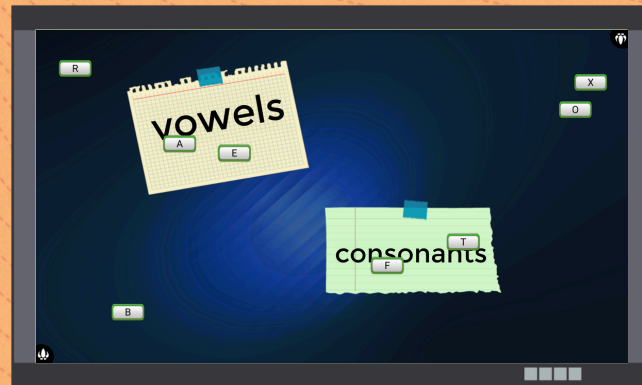

Jigsaw

Entertain your target audience with personalized, branded video and photo content.

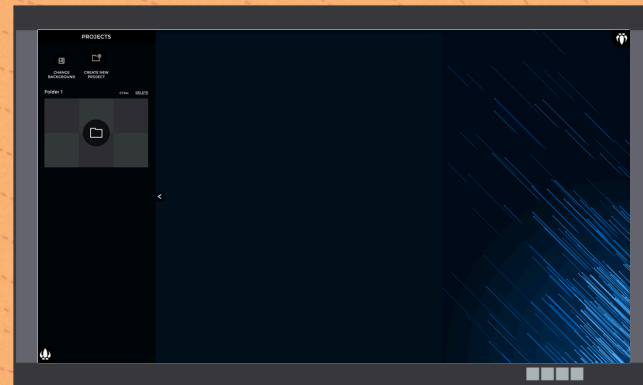

Labyrinth

Guide your disc from start to finish and compete for the best time.

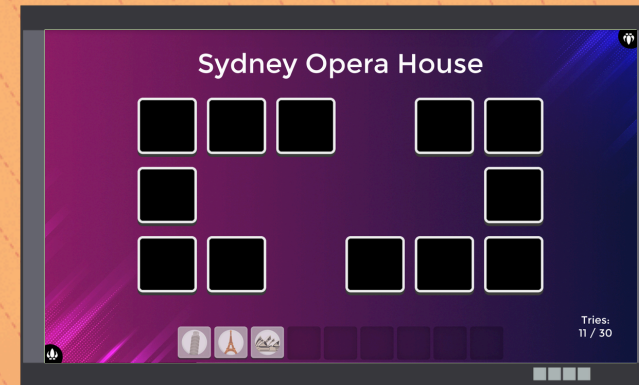

Letter Play

Practice letter skills by dragging the letter tiles to their respective categories on the screen.

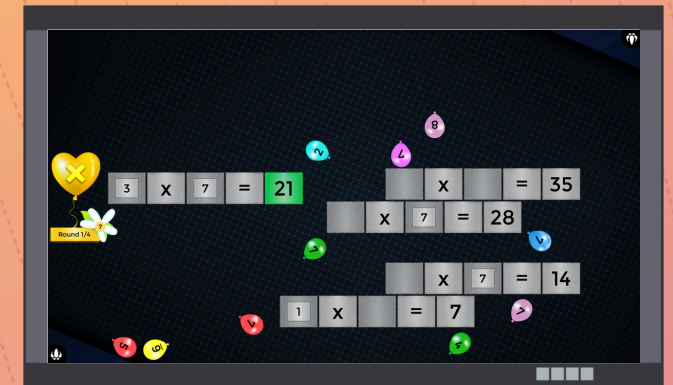

Media

Present and interact with different images in one place.

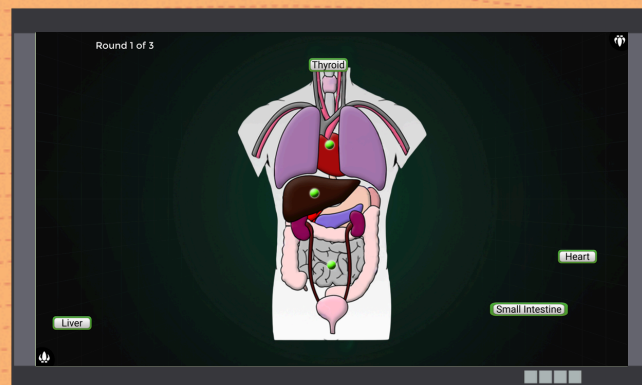

Memory

Play a classic game of Memory with your friends.

Numbers

Select the type of mathematical problem, then drag and drop the balloons to the correct location in the equations.

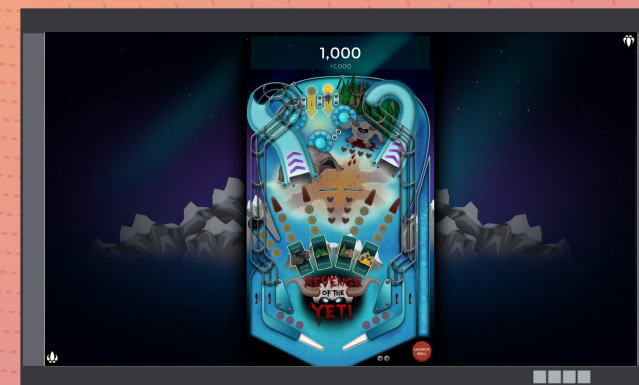

Organs

Identify organs in the body by dragging the organ name to the correct location on the body diagram.

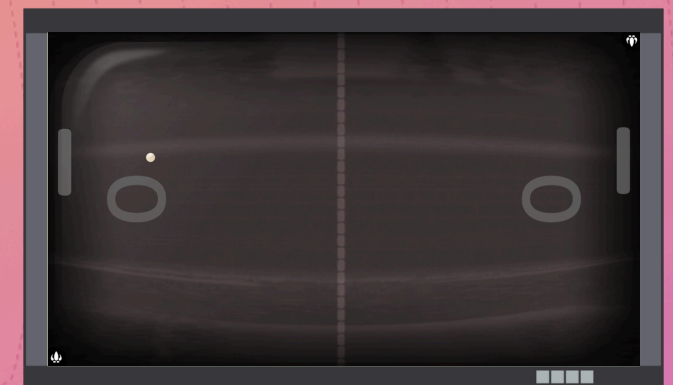

Piano

Play and record your own compositions.

Pinball

Pinball is any arcade gamer's dream. Score as many points as possible. Hit the different targets with the ball using the two flippers in the bottom.

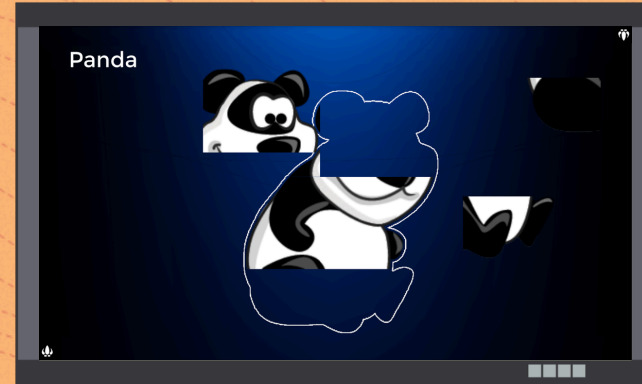

Pong

This classic table-tennis game relies on quick hands.

Pool

Pool is the classic game, almost everybody is familiar with.

Puzzles

Identify details and patterns organized in a defined picture.

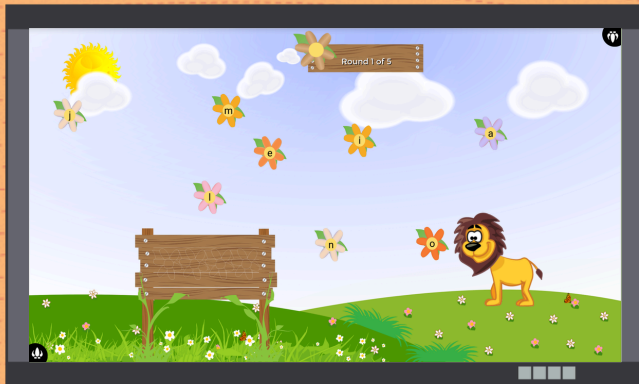

Runway

Land the planes on the correct runway.

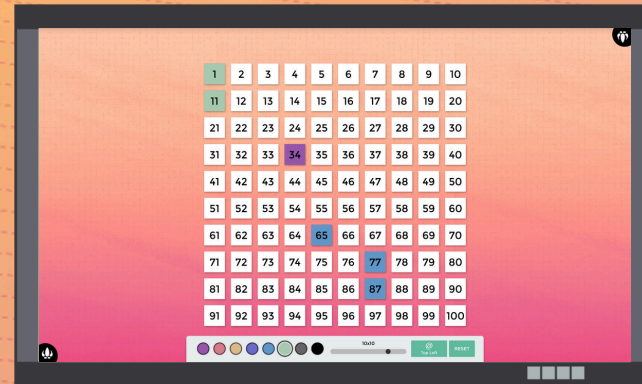

Slots

Play with virtual money, spin the reels and try to win the jackpot.

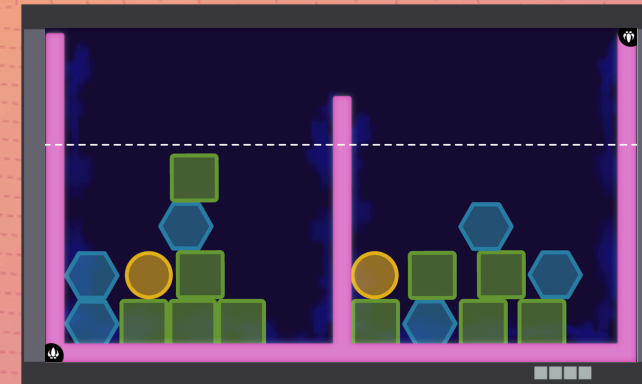

Spelling

Practice spelling skills by dragging letters to spell the name of the animal on the screen.

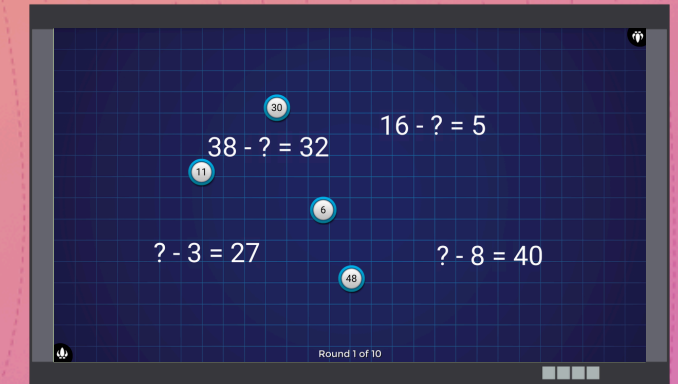

Squares

Explore number patterns in the grid. Choose a color and then tap the numbers.

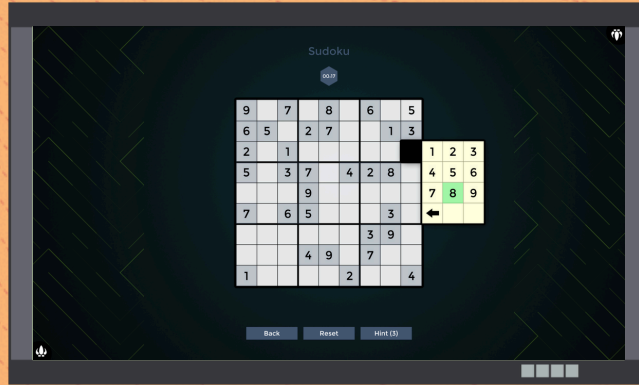

Stacks

Drag and drop the objects to stack them as quickly as possible to reach the top

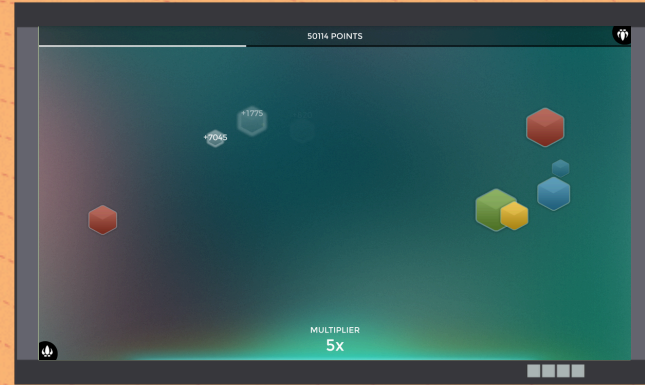

Subtraction

Practice subtraction skills by dragging the numbered dots to their correct position in the mathematical problem.

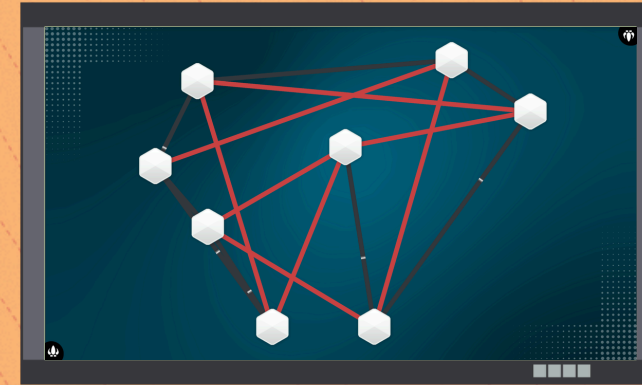

Sudoku

Solve the number puzzle as fast as you can.

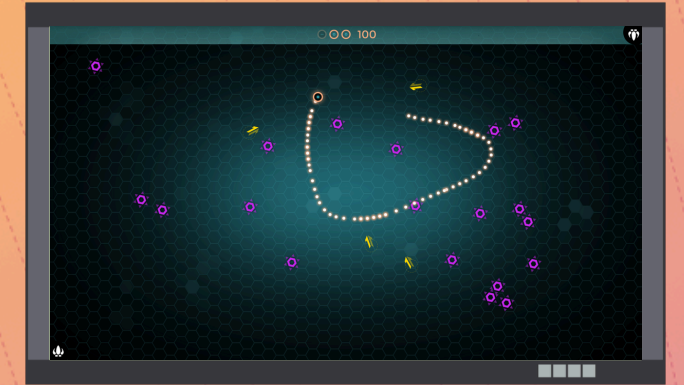

Tap

Test your reflexes by tapping the buttons as fast as you can.

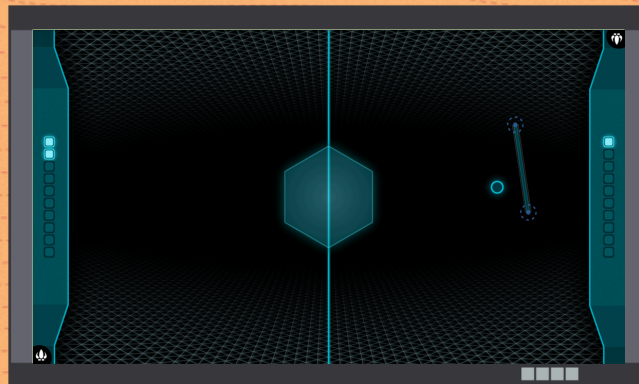

Untangle

This mind-bending puzzle game can be played solo or with friends.

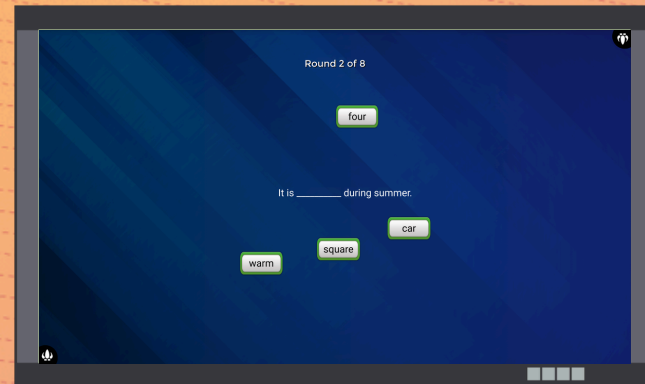

Warp

A fun single and multi-player game, that is about dodging enemies and outplaying your opponents.

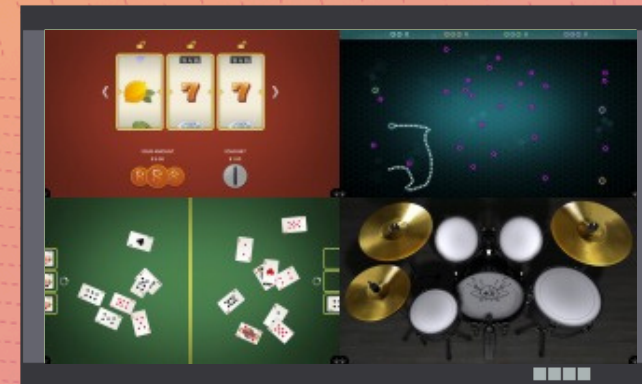

Wong

Fun multi-user twist to the classic arcade game.

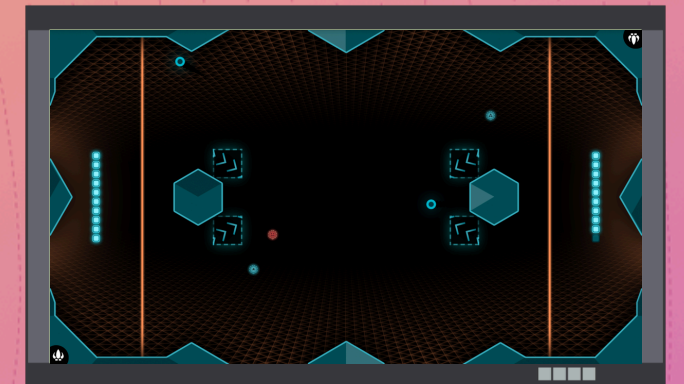

Word Play

Complete the sentences by dragging the missing word into the blank line.

Zones

Divide your interactive display into sections to leverage its multi-user collaborative capabilities.

Zong

Zong is a fun twist on Wong, adding obstacles, zones, pickups, and a 3- or 4-player option.

PARTNER WITH US & GET STARTED

Whether you're a technology reseller or an established organization in Healthcare, Education, Retail, or Hospitality, Campfire makes it easy to bring engaging, interactive experiences to your community.

FOR RESELLERS & TECHNOLOGY INTEGRATORS

Grow your portfolio and offer high-value, turn-key solutions:

- Integrate Campfire into your complete technology packages.
- Offer Campfire as a unique, revenue-driving software component of your solutions.

FOR ESTABLISHED ORGANIZATIONS

Discover how Campfire can immediately enhance your spaces and user engagement.

- Explore activities that stimulate creativity, foster collaboration, and fit your users' specific needs.
- Plan your first installation or pilot project with support from our expert team.
